Product highlights

Soothing sounds and projecting images

The Magic Theatre creates a comforting wonderland in your baby's bedroom. By producing soothing sounds and projecting images on a ceiling or wall you can help your baby gently fall asleep.

3 soothing sounds

Natural sounds like the sea, a heartbeat and running water are both reassuring and sleep-inducing for your baby. Choose the sound that is most comforting for your baby.

Rotating images

The relaxing movement of the projected images help your child fall asleep while stimulating visual development.

Create your own slides

Add a fun dimension to fairy tales and nursery rhymes, and stimulate your child's creativity by creating your own slides with a waterproof pen and the blanks provided.

Complies with toys standard

The products that comply to the toys standard have been thoroughly tested to ensure they meet these norms and are totally safe.
